2. The District Coordination Officer, Faisalabad.
3. The Executive District Officer (Edu), Faisalabad.

Subject: LETTER RECEIVED FROM MOULVI FAQIR MOHAMMAD.

I am directed to inform you that the Home Department has desired that the following measures to be taken for the larger interest of the public:

1. The administrations of 3 Qadiani Schools should be directed to expose themselves as Qadiani by writing in large plain handwriting on the school boards, displayed for advertisement for their recognition being non-Muslims; so that parents can remain aware about religious thought of the administrations.

2. Administration should restrain themselves from preaching their teaching to the innocent Muslim children because this may mislead them from their Islamic school of thought.

3. Home Department may be apprised of the action taken to further adopt precautionary measures through its own network.

It is, therefore, requested that the Home Department's instructions be got implemented and this department kept informed of action taken.

Yours obediently,

(HEDAYAT HUSSAIN)
SECTION OFFICER (ACAD-II).

Endst:— No. & date even.

A copy is forwarded to the Deputy Secretary (Special), Home Department w.r.t. his letter No. 7-5-SPL-III/2001, dated 10th June, 2003 for information.

(HEDAYAT HUSSAIN)
SECTION OFFICER (ACAD-II).
FUNCTIONING OF PRIVATE SCHOOLS UNDER THE MANAGEMENT OF QADIANIS
REPRESENTATION FROM MANI PUBLIC MODEL SCHOOL FAISALABAD

1. I humbly bring to your kind notice a gross miscarriage of justice in the case of Mani Public Model School, Faisalabad owned by me. There is a direction by A.F.O (Faisalabad).

2. The school is running for the last five years and is being run successfully and has caused a lot of envy. Unable to compete with my school, the usual sectarian emotions was the only solution to the opponent of my school. They therefore approached Molvi Faeqer Muhammad, who is blackmailer and a declared Ghunda by the Commissioner of Faisalabad (Newspaper clipping enclosed). The said Molvi made a campaign against my school on the ground that this is a Qadiani school. Therefore he started propaganda about the school.

3. Upon the said campaign any inquiry committee was formed, which did not find any proof or statement that the syllabus is different and motivated or any tinge of propagation of any creed.

4. It may kindly be noted that all the teaching staff is not Ahmadi and strongly objects this direction as it applies as Qadiani. There could not have been any possibility regarding the propagation of Qadianiat. No complaint of any student, parent and Mohalla notable have been made regarding the syllabus and way of teaching of the school.

5. The inquiry committee was grossly biased, unable to find anything tangible, sent a novel recommendations based on illusions and speculations. The report says (Such institution will ultimately, in any way, preach their teachings to the innocent Muslim children, which can mislead them to their Islamic School of thought).

Law only deals with palpable action and not so-called intentions. There is an old legal proverb “Even the devil knoweth not the thoughts of men”. The action is sadly biased and speculative. The reference to section 298-C/PPC, also been made that the owner has not taken oath like a Muslim. The conclusions are sadly not only frivolous but shows lack of legal knowledge of the inquiry commission. If an Ahmadi take oath like a Muslim then this section is applicable, not otherwise.
6. The resultant orders issued by a A.E.O city to Faisalabad vide letter no. 683 dated 30/07/2003 and E.D.O (Education), letter No. 7558 dated 26/07/2003 are not only discrimination but has far reaching consequences in the present day milieu. It will bring Pakistan, which is already suffering from sectarian trauma into bad repute. It will also show that Government is itself involved in the persecution of Ahmadis.

The action seems to be in league with some enemies of Pakistan, who would not like Pakistan to be known as liberal, progressive Muslim country. It may also be noted that the direction is against the statute law and unconstitutional.

I therefore humbly submit that before taking any further action, I may be given personal hearing in this case and the above attached direction (from A.E.O & E.D.O Education Faisalabad) may kindly be suspended.

Yours obediently,

Sheikh Wasim Ahmed,
Owner, Mani Public Model School,
St No. 5, Mustafabad,
Faisalabad.
